I have reviewed the report, "Modernization of a FORTRAN77 transit-loss accounting program developed by the USGS to estimate net reusable flows in Fountain and Monument Creeks in El Paso and Pueblo Counties, Colorado to FORTRAN 2003 standard" by Colarulo and Miller, [usgs.code.gov](https://code.usgs.gov) ID number 778. I approve the code be publicly accessible through [usgs.code.gov](https://code.usgs.gov).
